# ALCE 2.1

Installation Manual

Ps CS5

You have downloaded ALCE21.zip
You have unzipped it.
You are reading this PDF.

There are two ways to install ALCE 2.1 in Photoshop CS5 (Mac / Win).

1. AUTOMATIC
The one we suggest you to follow.

2. MANUAL
If automatic installation fails for any reason, please try the manual installation.

Please, keep an eye on the Win/Mac icons on the top-right corner of the following pages (some steps are OS specific)

Please locate this file in the CS5 folder and keep it handy:

ALCE21.zxp

Mac users, please skip to section 1.3

Locate the Adobe Extension Manager CS5 application (usually in this folder):

## C:\Program Files (x86)\Adobe\Adobe Extension Manager CS5\

1.2 - AUTOMATIC installation

Right-click the Adobe Extension Manager CS5 program icon and choose:

Run as administrator

Enter your administrator password if requested, or click Yes to finally open Adobe Extension Manager

**Do it even if you're already logged as Administrator!**

ALCE21.zxp

**Double click** the ALCE21.zxp file.

Adobe Extension Manager CS5 will react this way:

Click Accept to go ahead.

I't safe to ignore the red icon warning, so **click Install** to proceed:

1.5 - AUTOMATIC installation

If you had a previously installed ALCE 2.0 version, this alert pops up:
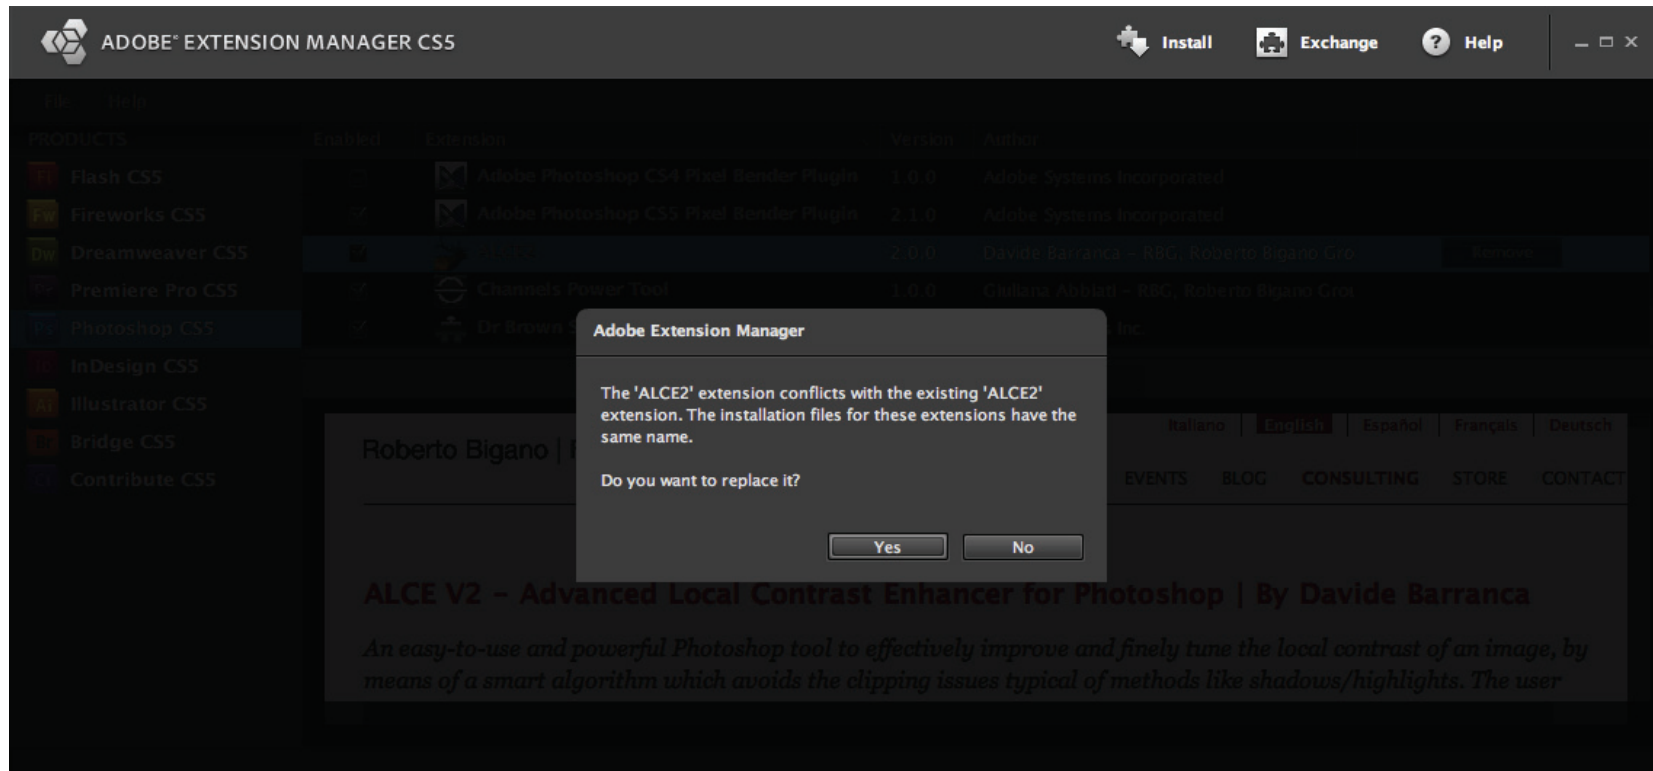

Click Yes to automatically remove version 2.0 before installing 2.1

# 1.6 - AUTOMATIC installation

Another annoying alert from Adobe Extension Manager that can safely be ignored: **click Install** to finally complete the procedure.
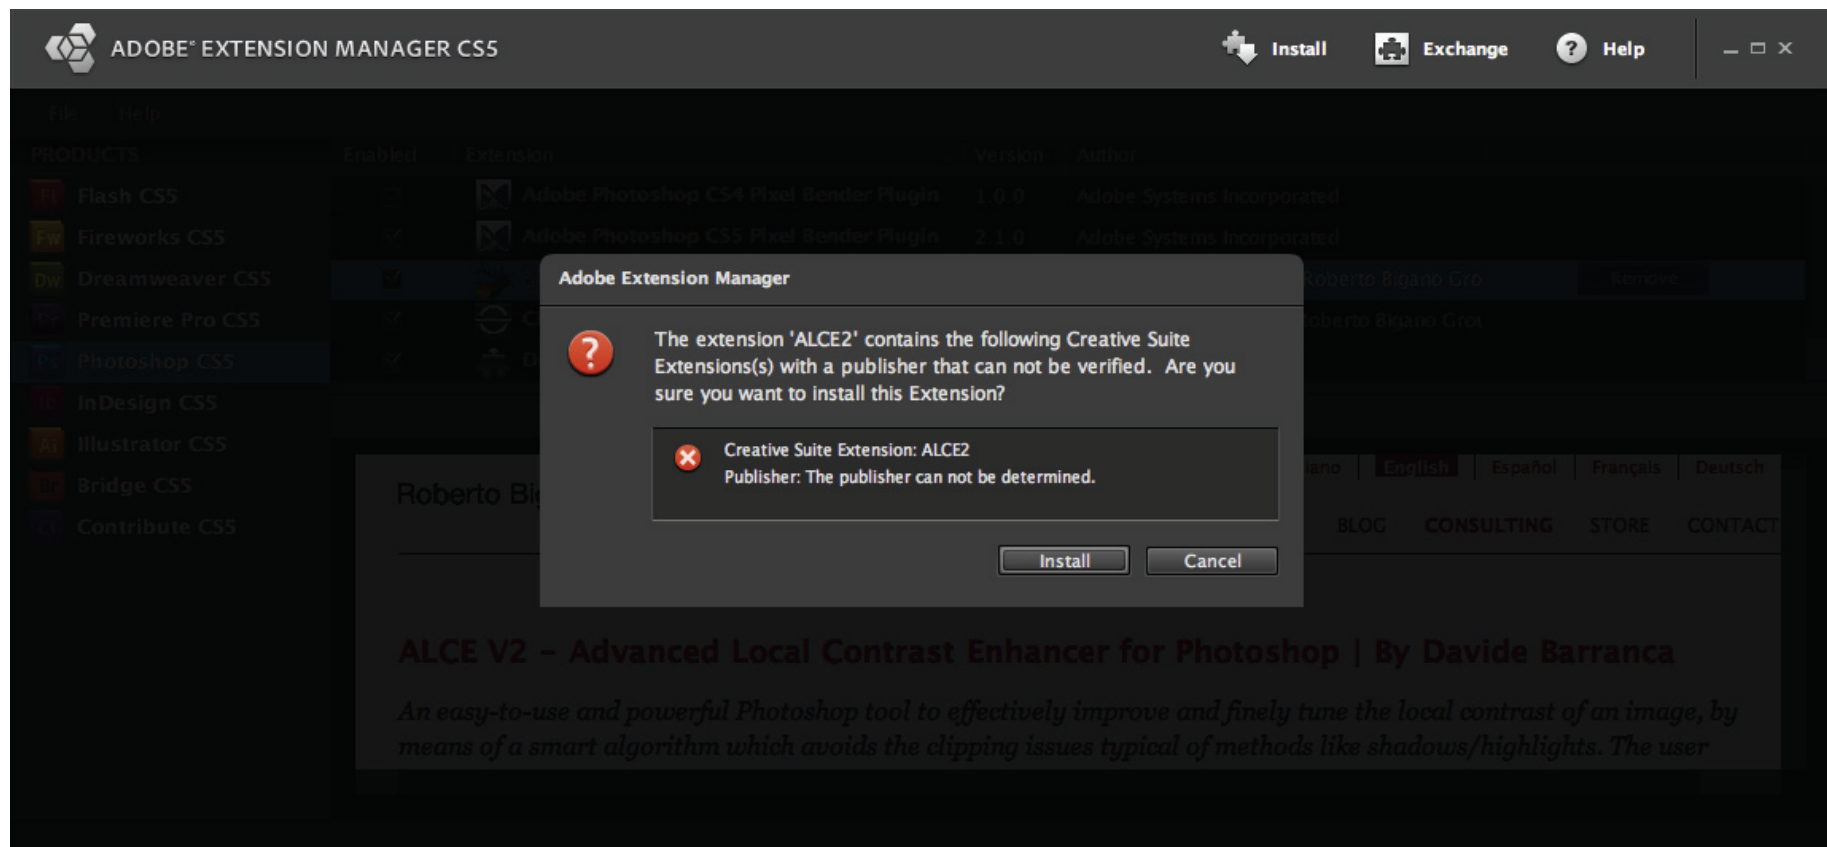

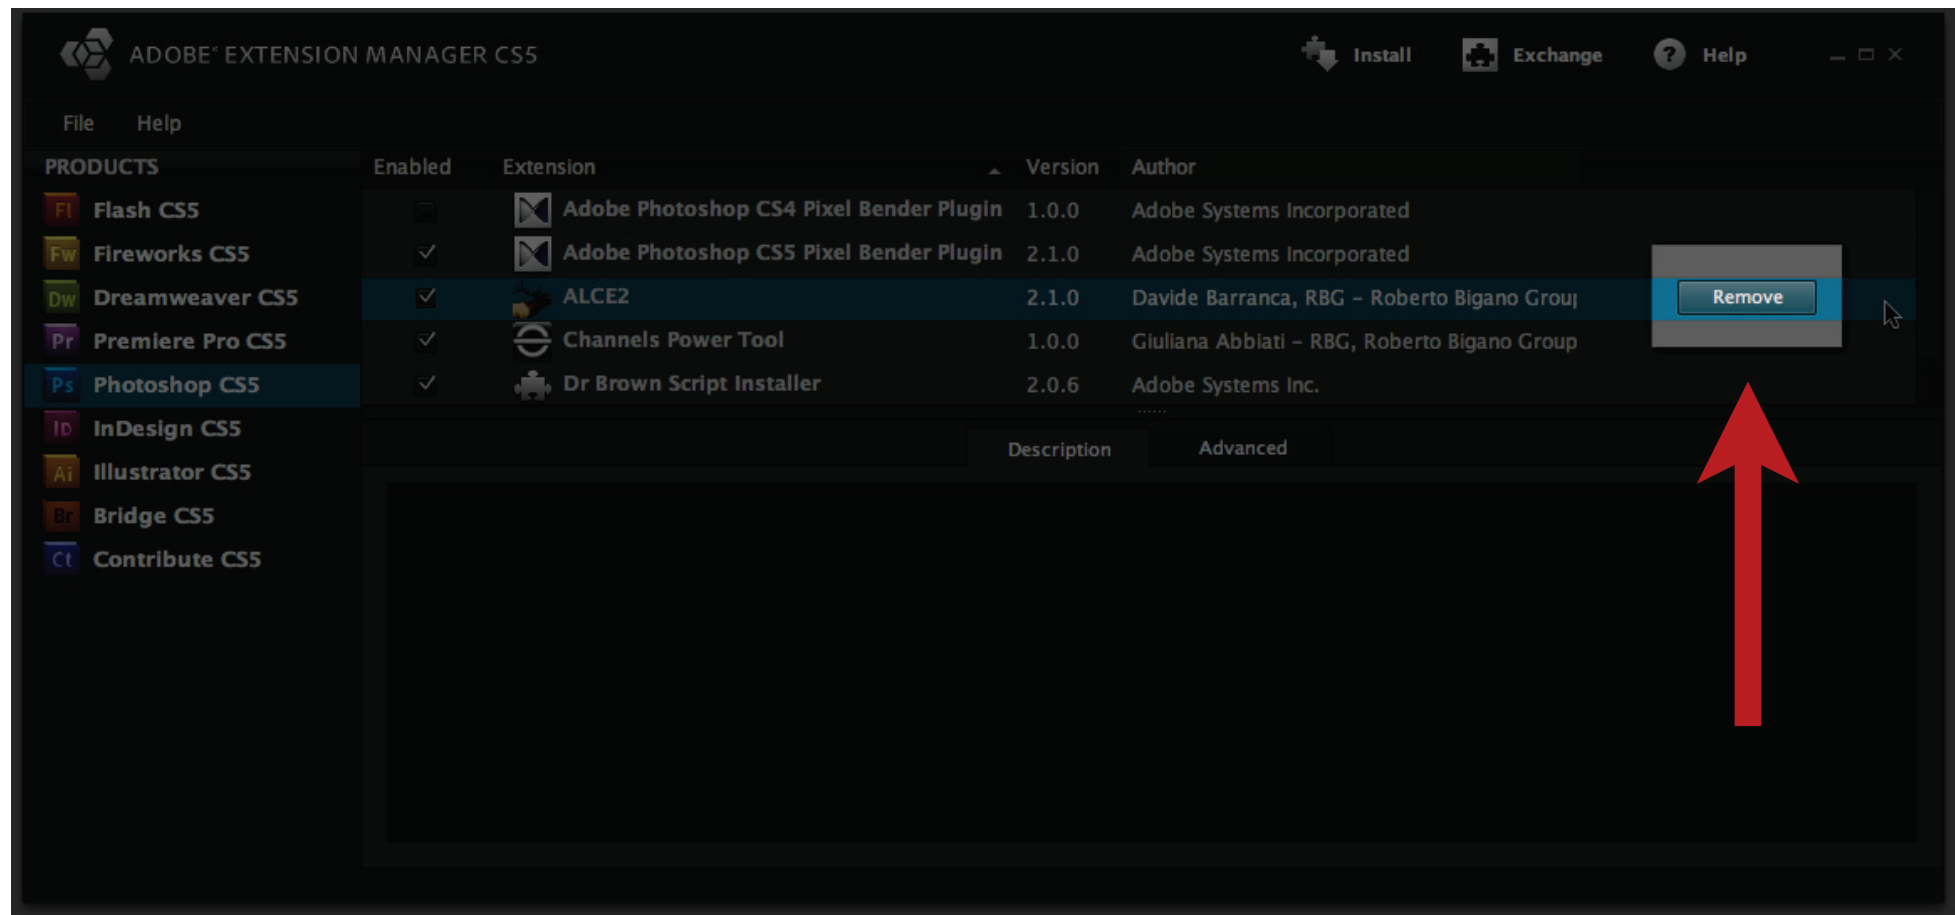

1.7 - AUTOMATIC installation

ALCE 2.1 is now installed, and listed this way in Extension Manager:
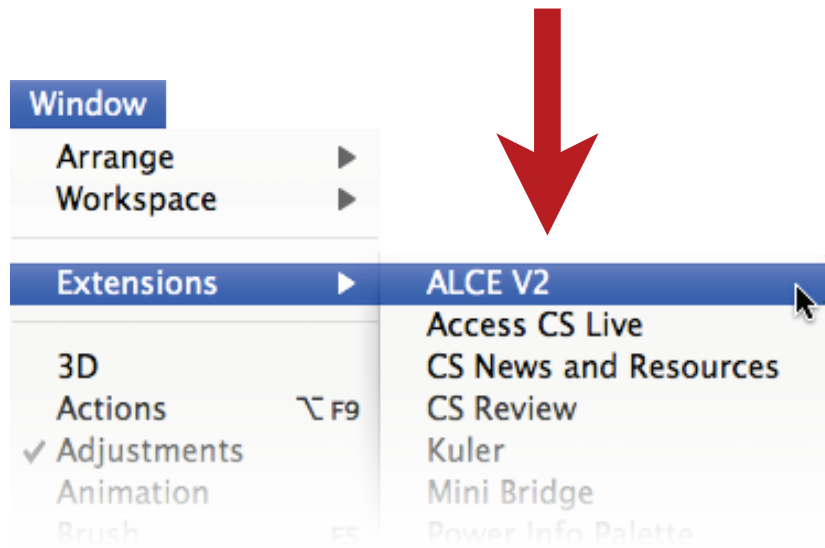

1.8 - AUTOMATIC installation

If one day you'll want to remove ALCE 2.1 **click the Remove** button.

Now please restart Photoshop CS5!

You will find a new ALCE V2 item in
the Window - Extensions menu

Power Info Palette

... and two new
items in the
Photoshop's Filter
menu:
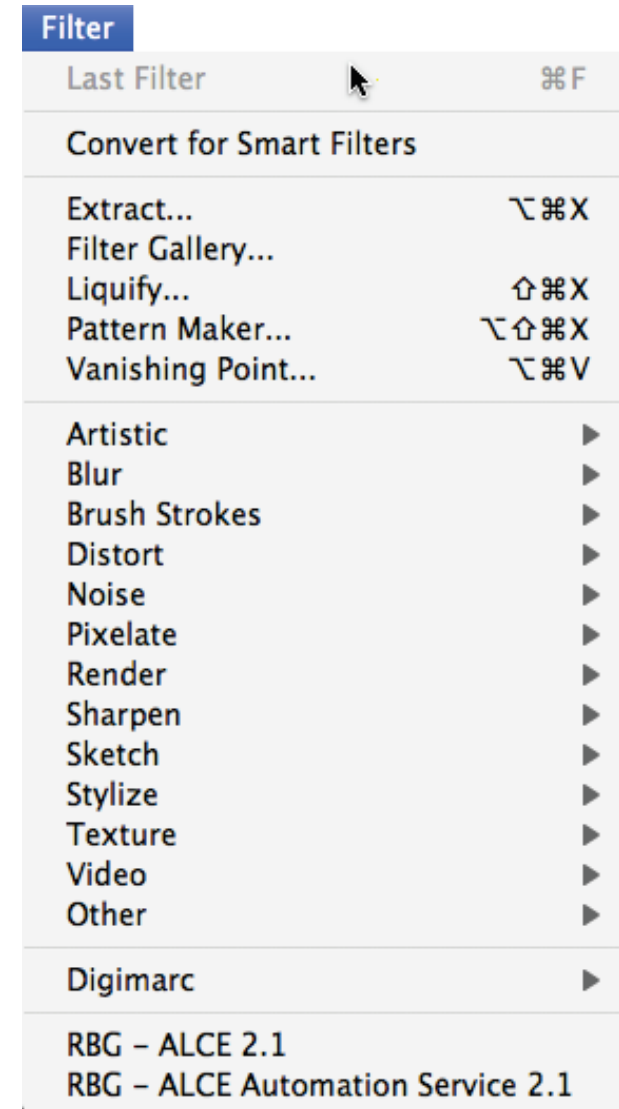

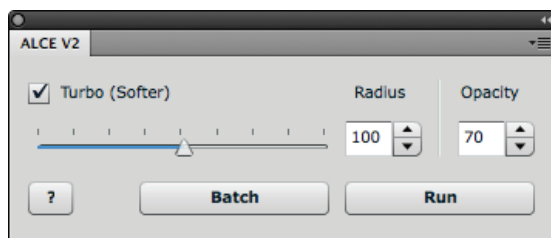

Window / Extensions / ALCE V2

Opens the panel that you can always keep in the Photoshop user interface. Click Run to apply ALCE to your open image, or Batch to launch the batch window.
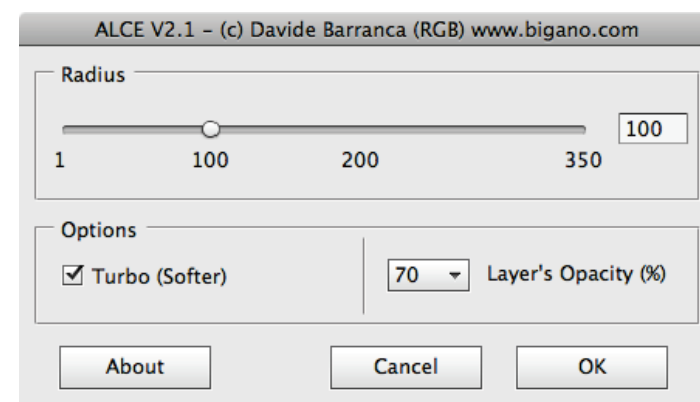

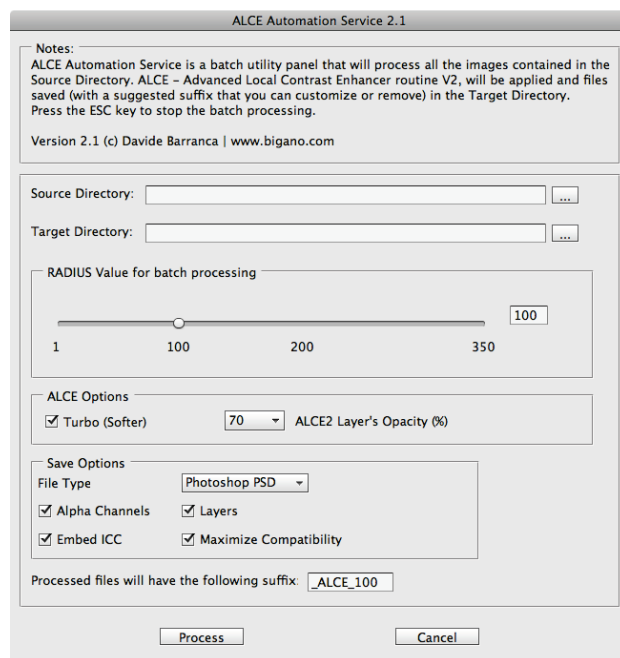

Filter / RGB - ALCE 2.1

Alternative window that you have to use if you want to record ALCE into a Photoshop Action for automation.

Filter / RGB - ALCE Automation Service 2.1

The batch window, that automatizes the process and let you elaborate all the files in a folder.

Please refer to the *User Manual* for further information about how to apply ALCE proficiently to your images
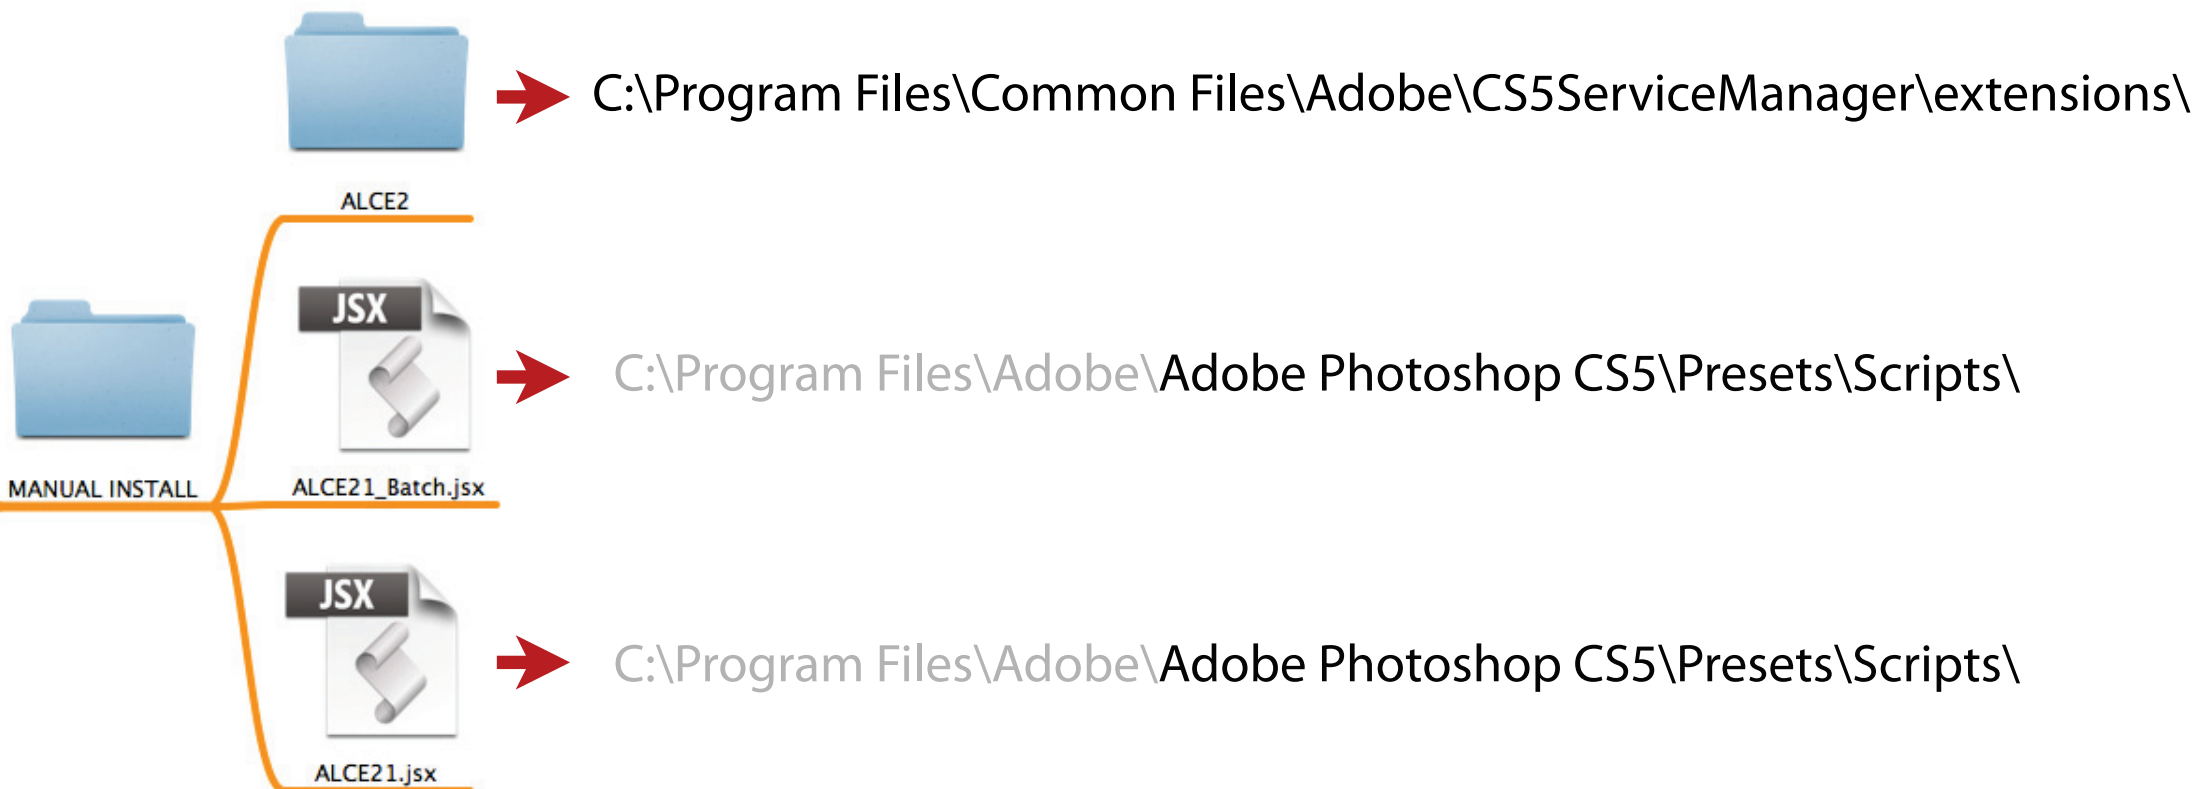

If you've had any problem with the

AUTOMATIC Installation

please try the

MANUAL installation

and read along...

(Follow your specific computer version - Mac or Windows)

2.0 – MANUAL installation

Enter the MANUAL INSTALL folder and copy its content to:

ALCE2 → C:\Program Files\Common Files\Adobe\CS5ServiceManager\extensions\

ALCE21_Batch.jsx → C:\Program Files\Adobe\Adobe Photoshop CS5\Presets\Scripts\

ALCE21.jsx → C:\Program Files\Adobe\Adobe Photoshop CS5\Presets\Scripts\

MANUAL INSTALL

... Now please restart Photoshop CS5

2.1 - MANUAL installation

Enter the MANUAL INSTALL folder and copy its content to:

ALCE2 ➡ ~/Library/Application Support/Adobe/CS5ServiceManager/extensions/

ALCE21_Batch.jsx ➡ Macintosh HD/Applications/Adobe Photoshop CS5/Presets/Scripts/

ALCE21.jsx ➡ Macintosh HD/Applications/Adobe Photoshop CS5/Presets/Scripts/
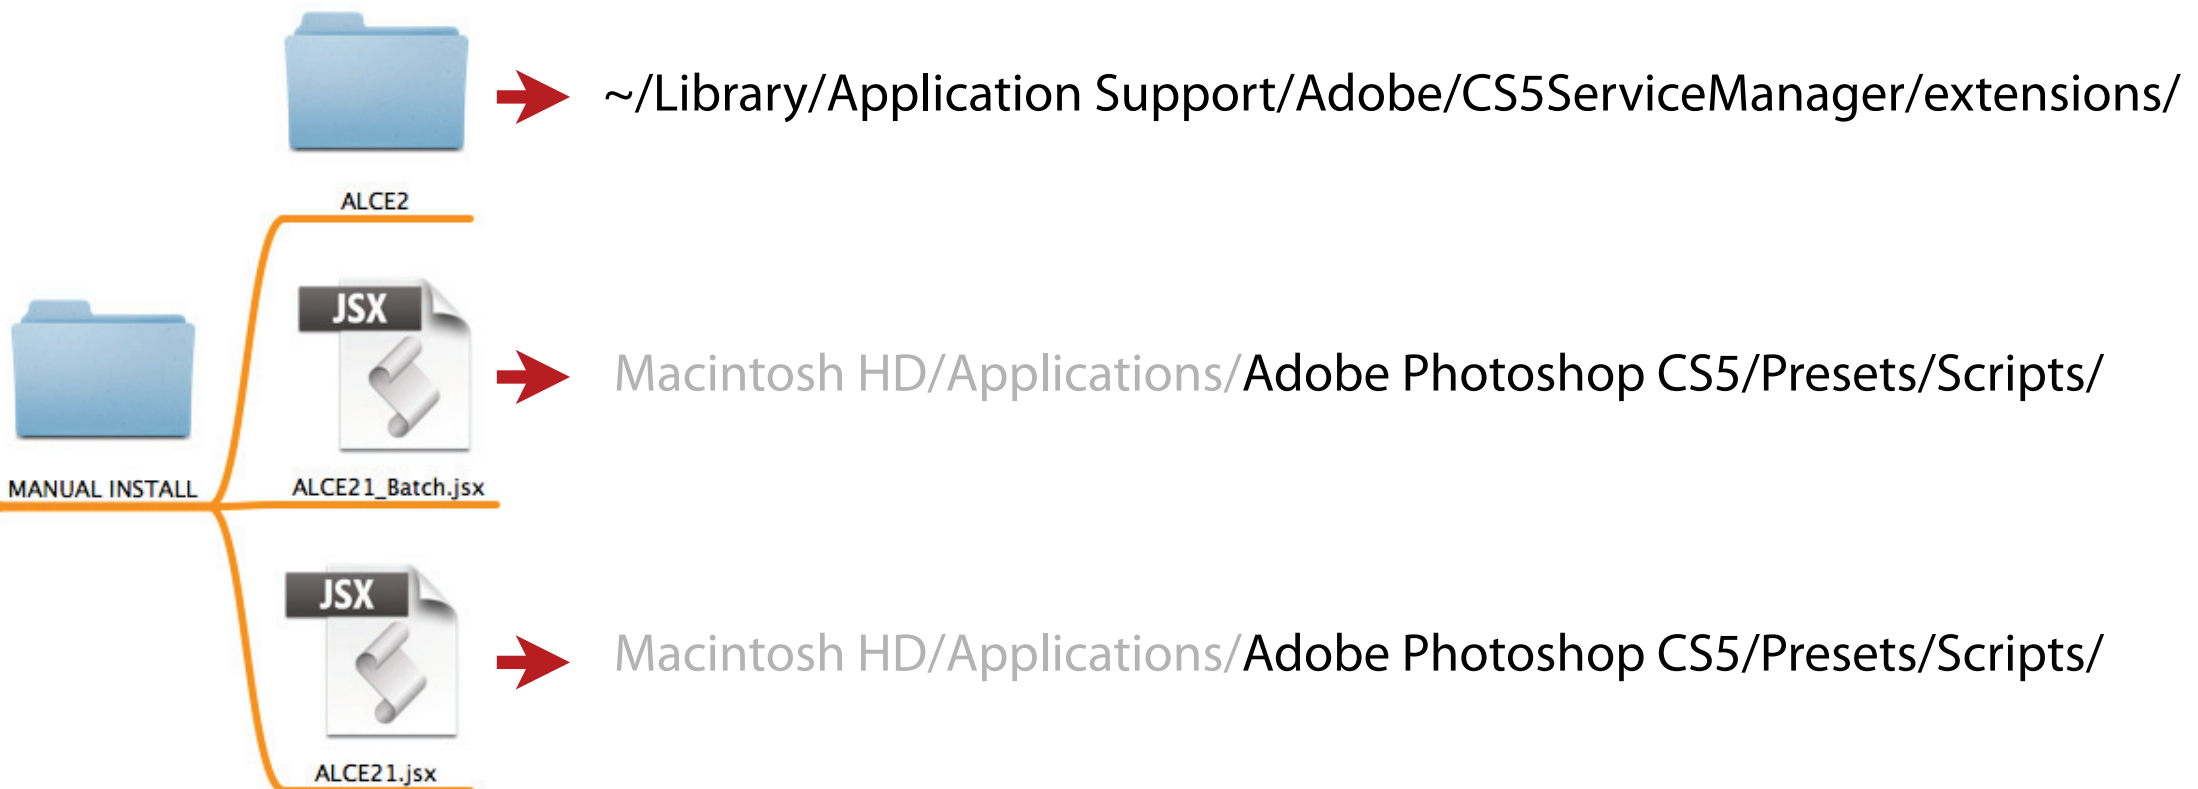

... Now please restart Photoshop CS5
